

To Whom it May Concern:

I highly recommend Dan Mulroy of Tech Ambassadors, Inc. as a provider of technical services. Dan has been retained by Paula Abdul Inc. as our principal technical contractor from 2009 to the present. Dan has been responsible for the office and primary residence A/V, Automation, Computer networking, and computer systems while offering superior work than anyone we've ever hired before.

Dan has excellent communication skills. In addition, he is extremely organized, reliable, available [24/7/365](#) and follows through with commitments including doing anything it takes to get it done. Tech Ambassadors are cost effective because they look at things from the buyers perspective setting them up for the future. They work well under demanding circumstances and high-pressure situations & are always looking out for Paula's best interest.

Dan is a tremendous asset to anyone and has my highest recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to call me.

Sincerely,

Angela Farmer

COO

Paula Abdul Inc.
